- MyPoints balances will be clearly displayed on every dining receipt, as well as through the online resident portal.
- Menu pricing for each venue will reflect a lower price than most nearby restaurants.

QUESTIONS ABOUT MYCHOICE DINING? WE HAVE ANSWERS:

How and when do MyPoints become available?

Your MyPoints allowance resets on the 1st or 15th of each month, depending on your billing cycle. If your billing cycles fall on the 15th, it will be pro-rated for the first month.

What if I use more MyPoints than I have per month?

Any MyPoints charged over your allotted monthly amount will appear on your monthly billing statement in dollars.

Will I be able to carry over MyPoints if unused each month?

No, the MyChoice plan does not allow for MyPoints to carry over into the next month.

How is the monthly allowance of MyPoints determined?

Your total monthly MyPoints are determined by the community and are equivalent to one meal per day, ensuring you still receive the quality and value you have come to expect. You decide what you want when you want it.

What happens if I am away from the community or at a higher level of care for an extended period of time?

MyChoice Dining includes an absence policy if you temporarily move to a higher level of care. If your temporary stay does not meet your absence policy requirements, your MyChoice Plan will be frozen until you return. If a new month rolls over during your absence, your MyPoints will return to its maximum amount as normal.
